# RIVER TRAIL RE-OPENING

## Oakland Avenue Crossing

The repairs to the River Trail on Oakland Avenue at the bridge have been completed. Pedestrians may now safely cross Oakland Avenue under the bridge instead of crossing at grade across Oakland Avenue.

The City of Lansing Department of Parks and Recreation would like to thank Ingham County Parks for providing funding for this project through the Ingham County Trails and Park Millage to support the development of a county-wide regional trails and parks system.

The City of Lansing Department of Parks and Recreation would also like to thank the residents of Ingham County and the City of Lansing for their support of this millage and for their patience during the construction period.

Virg Bernero, Mayor
