**A Reminder: Recycle Your
Junk Mail!**

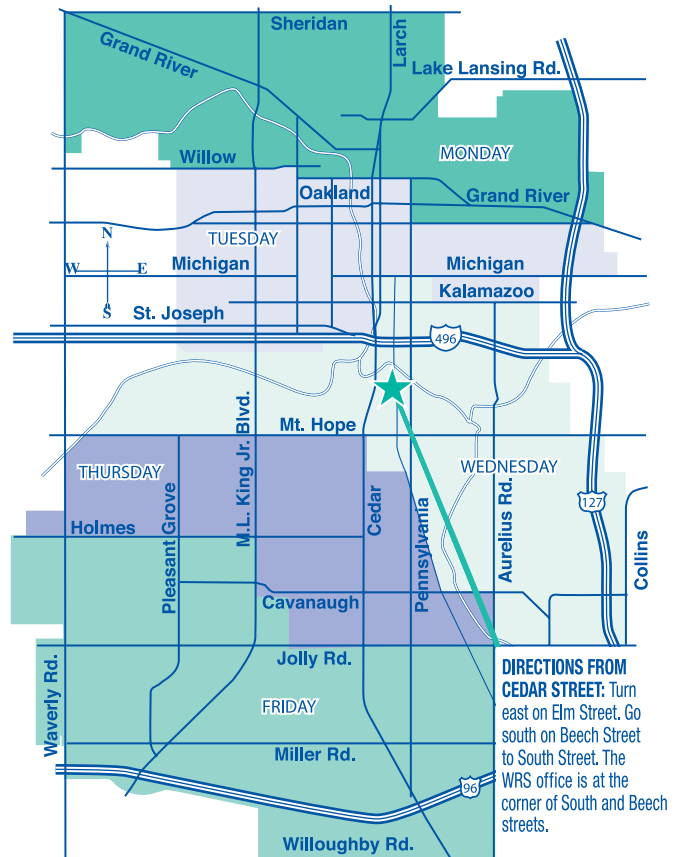

Over the last year, marketers sent more than 114 billion pieces of direct mail, including catalogs, credit card solicitations and coupons. This is an increase of roughly 15 percent from five years ago, according to the U.S. Postal Service. In the last year, for the first time, the volume of bulk mail, which is all direct mail, exceeded first class.

Lansing residents **DO NOT** have to throw away their junk mail. Please place junk mail, along with magazines, catalogs, office paper, envelopes, stationery and other papers in a paper grocery bag and place it on top of or next to your green recycling bin. (Please place newspapers in separate paper bag)

Please recycle this newsletter with mixed paper!
