MEMORANDUM

From: Martin Riel, Property Manager

Date: December 11, 2019

Subject: Sole Source Request for Bornor Restoration Inc. – Emergency Roofing

The Property Management Division would like to use Bornor Restoration as a sole source for the emergency replacement of the lobby roof at the South Washington Office Complex (SWOC) for the sum of $55,217.00. The lobby roof was lost several weeks and could not be repaired. The South Washington Office Complex is a highly used facility that should have the lobby roof replaced as soon as possible.

Currently the City of Lansing has several locations with roofs installed by Bornor Restoration, Inc. some roofs are over 20 years old. The maintenance and repair of these roofs are by Bornor Restoration and they have been working with the City of Lansing for over 20 years.

Over the past 5 years the South Washington Office Complex has had exponential growth in the use of the facility. Our reliance in the use of this building is critical to several city departments operations.

Bornor Restoration, Inc. is a Lansing based company and local distributor of Soprema, Carlisle and Tremco roofing products which the City of Lansing highly recommends for the use on our facilities.

Therefore it is requested that Bornor Restoration, Inc., 525 Filley Street, Lansing, MI 48906 be selected as our sole source provider for the emergency replacement of the roof at the South Washington Office Complex, 2500 South Washington Ave, Lansing, MI 48910.

Use account number 101.173140.746400.00000 Unscheduled Maintenance for the project.

Subject: Sole Source Request for Range Bullet Traps
Date: November 29th 2019

Over the past several years the bullet traps located at 16001 S. Airport Rd/Lansing Police Firearms Range have been showing signs of weakening. Two of the traps are showing signs of stress fractures which will soon make them unusable, possibly eliminating firearms training.

The original traps were installed by Action Target Inc of Utah. Action Target Traps are part of the installed system and can only be replaced with the specific trap from that company.

I am requesting a sole source purchase request for $31,127 for the above listed equipment. The account number the purchase will come from is 268.343254.977000 of $30,000. This money has been previously allocated for this purchase. The remaining $1,127 will come from the Range Miscellaneous Account 1013213.741000.

Thank you for your assistance with this matter.

Daryl Green, Chief of Police.

* Rates include all labor, travel, lodging, and other expenses.
* Extraordinary repairs or materials may require additional work days billed above and beyond the scheduled maintenance days. This includes dropping the troughs, removing backed up lead, chiseling lead, plate adjustments, etc.
* Range must be cleaned prior to the Tech’s arrival for service.
* Please email pictures of the range and equipment to rivie@actiontarget.com prior to visit.

- Structural Design.
- Site Preparation.
- Concrete: including cutting, coring, and patching.
- Field Painting.
- Site Utilities.
- Waste Disposal, including removal or disposal of old equipment.

TERMS AND CONDITIONS:
Payment: All previous invoices must be paid in full prior to service. Payment for individual maintenance plan visits and resulting parts (if necessary) will be invoiced immediately following the visit. All payments are due within 30 days of receipt of invoice. Multiple visit maintenance plans allow for discounted prices on visits only, not parts. The discounted prices are based on how many visits will be made during the contract period which is typically one year. If you do not accept and schedule every visit in the contract, the discounted prices for the previous visits will be adjusted retroactively to reflect the actual number of visits and you will be invoiced accordingly.

Parts: Unless specifically included with this proposal, all parts used during maintenance visits are extra.
Parts will not be used or ordered without approval from the facility personnel. ATI can utilize spare parts the facility has on hand to accomplish minor repairs. Should an extra visit be required to install ordered parts, additional charges may be incurred. It is recommended that you secure a separate parts allowance during the maintenance approval process. This will allow you to order parts when needed without going through a separate approval process each time.

Scheduling: Please call to request a visit date allowing for at least 6 weeks of lead time. A visit occurring with less lead time may incur additional expedited travel charges.

Scope of Work: ATI will service ATI furnished devices/parts/systems only. Service on third party equipment or components may need to be referred to the original manufacturer. Maintenance visits are not renovations or remodels. ATI’s work is limited to functionality testing, reasonable repairs, adjustments, safety check, and overall operational maintenance.

Unless specifically included in this proposal, heavy maintenance items like dropping auger troughs, flipping bullet trap plates, changing bullet trap chambers etc. are not included in normal maintenance visits. Heavy maintenance services are available and can be scheduled separately.

If access to the range is through any door narrower than 48?, labor costs may be significantly impacted.

Work areas must be clean and free from storage items, equipment, tools, or other obstacles that might impede access to work areas or limit ability to perform contracted work.

Labor and scope of work details are based on ?one day? being defined as an 8-hour period. It is possible that the scope of work may be completed in less than 8 hours.

Lead Remediation: Unless specifically included in this proposal, ATI is not responsible for any removal of lead or cleaning the facility of lead. The facility is responsible for disposal and recycling of lead and other waste from housekeeping and maintenance services. The facility is also responsible for disposal of replaced equipment or components like impact plates, bullet trap chambers, etc.

Exclusions: ATI is not responsible for the following:
1. Any ATI system parts, devices, air compressors, or structures that are damaged due to accidents, normal wear and tear, abuse, negligence, acts of God, absence of recommended cleaning, lubrication, absence of recommended preventative maintenance, or ballistic damage due to inappropriate ballistic application or ammunition.
2. Prevailing wage, holiday pay, or premium time labor.
3. Any material or labor not included in the foregoing.
4. Any required line power, outlets, or power panels.
5. Permits, bonds, licenses, taxes, engineering, drawings, or reports not listed above.
6. Collection and removal of lead and/or lead dust or fragments.
7. Dumpster or other disposal or waste transportation costs.
8. Structural design.
9. Concrete including cutting, coring, and patching.
10. Site preparation. (electrical outlets, buried utility lines or conduits, drainage, etc.)
11. Offloading or lift gate delivery.
12. Removal of walls or other construction elements.
13. Removal of dirt, rocks, or other debris blocking access to work areas or range equipment.

* Parts are not included in the above rates and will be billed separately as needed and approved.
* Rates include all labor, travel, lodging, PPE, insurance, and other expenses.
* See the following pages for a detailed description of services, terms, and conditions.
* Extraordinary repairs or materials may require additional work days billed above and beyond the scheduled maintenance days.

Kevin, the Range Decelerators was approved but it was not a general budget item. It was approved in the Capital Improvement portion of the budget which is not in our books. It was approved for $30,000 and it is coming out of our forfeiture account which is 268.343254.977000. As usual the regular sole source process will need to be done for Action Target to replace them.

I purchased the property July 31st, during the time the property owner neglected to cut the grass. Things were being switched over into my name, several pieces of mail weren't received. This made me miss important information and I was unable to cut the grass by the compliance date because I didn't know it. I am a first time home buyer and I did not know certain rules and regulations, I am asking to remove the administration fee and allow me to just pay the contractor for cutting the grass.

To whom it may concern,

I would like to appeal the decision to deny my previous appeal. I am asking to appeal the original fine for weeds and grass of $265. This is the administration fee. I think it is fair to ask knowing that I am a first time home buyer in Lansing and in general. I am only asking because I feel this is fair for making a mistake one time it also because I'm a grad student and that's my only means of income and can't afford it. Thanks for taking the time to read this.

Best,

CODE OFFICER'S NOTES: This property was cited for a grass violation on 9/18/2019. The property was rechecked on 9/26/2019 by the Premise Officer the property was found to still be in violation as noted in the pictures therefore the property was submitted to the grass contractor to mow. The contractor arrived on 10/06/2019 19 days after the initial notification was sent and the property still had not been mowed therefore the property was mowed by the contractor as noted in their pictures. This office recommends denial of the claim. This office would also like to note this claimant was charged a $75.00 2nd notice fee and when she called to complain about the fee I noticed that the previous owner received the first notification and she was a new owner so the fee was waived here in our office.
