MINUTES
MOTION BY COUNCIL MEMBER WASHINGTON TO APPROVE THE MINUTES FROM MAY 13, 2019 AS PRESENTED. MOTION CARRIED 3-0.

DISCUSSION/ACTION
RESOLUTION – SLU-1-2019; 900 Southland Avenue; Suite 918; Church in the F Commercial District
Council Member Hussain updated the public and Committee on what had occurred so far, such as the public hearing on May 13, 2019 where no comments for or against it were made. The request is not a rezoning but a request for a special use. Per staff the Planning Board and Zoning Administrator recommend approval. Council Member Garza added that initially there was a concern this use request might have come from the tenants when it was an illegal use for a marihuana church, however it was determined at the first Committee meeting it was not the same group.
MOTION BY COUNCIL MEMBER GARZA TO APPROVE THE RESOLUTION FOR THE SLU-1-2019; 900 SOUTHLAND AVENUE, SUITE 918. MOTION CARRIED 3-0.

ORDINANCE - Z-8-2018; 5400 S. Cedar Street; Rezoning from F Commercial to J Parking and G-2 Wholesale District
Council Member Hussain provided an overview of the project to the public and Committee. This included a complete site renovation including self-storage and future buildings in the out lots. The Planning Board recommended denial with a vote of 5-2 and the Zoning Administrator also recommended denial. The required public hearing was held on May 20th at which one (1) person spoke in support of the project and they had also attended their open house. Lastly, he pointed out that Committee and Council Members have received multiple complaints on the proposed rezoning and want another use with the concern that allowing this would set a precedence. Ms. Stachowiak pointed out that this is not a true “spot zoning”, and the staff report reflects that this property, if rezoned, will adjoin another G-2 parcel to the west. It is the properties along Cedar that are all F-Commercial in the vicinity, even though there are other G-2 Wholesale along Cedar Street. With a rezoning to G-2, Ms. Stachowiak noted this would afford the property owner rights that neighboring property owners on Cedar do not have because of their zoning and could set a precedence.

Mr. Gershenson provided introductions and his past experiences with the site, other developments and involvement over the last 49 years, in addition to stating his support of this request. He noted that even when Kmart closed in 2017, they continued security and maintenance of the property to continue to be a good property owner and neighbor. Mr. Gershenson went on to state they had petitions from business merchants in the area with positive feedback and over 100 people who spoke in favor of it. As the owner of the property, he was asking to work with the City to achieve what the City wants and would also benefit the neighborhood.

Council Member Hussain noted to Mr. Gershenson and the applicants that the Committee and Council have to look at the rezoning for G-2 Wholesale and all potential options if it was rezoned to that, they cannot look at a decision with a specific use in mind. The applicants appealed that they intentionally delayed the hearing so they could hold an open house and reach out to the neighborhoods, SLBA, and based on that time was able to provide the Committee at this time with a petition of signatures all in support as presented at their open house a few weeks back. They respectively disagreed that it was not consistent with zoning in the area, within a mile corridor on Cedar it is consistent. Lastly they assured the Committee that U-Haul is a good neighborhood business, they are growing and then offered a rendering that they used at their open house for what their intentions were.

Ms. Stanaway spoke in opposition to the rezoning, but asked for a different use in the building and was willing to live near a vacant building and property until something she thought was right came along.

Council Member Garza concurred with Ms. Stanaway that people have approached him about other uses, especially recreational in that building, and his only concern is if it is rezoned, it would open it up for other rezonings in the area. Council Member Washington understood the requirement to move out of Committee but did not support it because it was not in line with the master plan.
MOTION BY COUNCIL MEMBER WASHINGTON TO FORWARD A RECOMMENDATION FOR DENIAL OF THE REZONING REQUEST FOR 5400 S CEDAR TO THE FULL COUNCIL AT THE MEETING LATER TONIGHT.

Mr. Smith asked if the use was a recreational use such as laser tag, would it need to be rezoned, and Ms. Stachowiak confirmed that use would be allowed under the current F Commercial. Mr. Smith then stated in his communications with the SLBA and members of that area they supported the U-Haul in that location and even held discussions on other buildings and sites in the area that could accommodate the suggested recreational ideas from members of the community. The Committee spoke briefly on the other uses in the corridor, other self-storage businesses Council has approved over the last year, and comments they have heard that those businesses are struggling to be at 70%.

Mr. Rains assured the Committee of their commitment to the project and the U-Haul standard currently at 95% full. Council Member Hussain then asked about their other project at the former Dads Inn, and they confirmed they are 60% done with the renovation of that project which will be the first phase at 300 units. Mr. Rains then stated they were under the understanding this rezoning would not go before Council until June 24th and it appeared now the Council was going to act tonight, June 10th. They then asked for a delay to the original date of June 24th. Council Staff stated there could have been a misunderstanding because when the applicant started the process in February or March, this Committee was meeting on the 1st & 3rd Mondays and now are meeting on the same dates as Council. Mr. Abood was asked if the Committee could delay, and were advised they would need to reconsider their motion to move it to the June 24th meeting. Council Member Washington spoke in opposition to the delay noting the public hearing was already delayed per the applicant’s request, by 60 days.

MOTION BY COUNCIL MEMBER GARZA TO RECONSIDER THE ACTION TO MOVE THE RECOMMENDATION OUT TO COUNCIL ON JUNE 24TH INSTEAD OF JUNE 10TH. MOTION CARRIED 2-1.

The Planning Board voted unanimously to recommend “A” Residential zoning for the property at 11097 Jolly Highway and “E-2” Local Shopping District zoning for the properties at 4820, 4848, 4880, 4902, 5030, 5050 & 5058 S. Waverly Road.
Zoning of Annexed Properties

11097 Jolly Hwy. & 4820, 4848, 4880, 4902, 5030, 5050 & 5058 S. Waverly Road

Location & Use

On November 6, 2018, 8 contiguous parcels of land located at the northwest corner of S. Waverly Road & Jolly Highway were annexed into the City of Lansing from Delta Township. There is a single family residential dwelling on the property at 11907 Jolly Highway. The other 7 parcels, all of which have frontage on S. Waverly Road, are being used for various commercial purposes as follows:

4820 S. Waverly Road:  Quicky convenience store
4848 S. Waverly Road:  Vacant multi-tenant commercial building
4880 S. Waverly Road:  Vacant commercial building
4902 S. Waverly Road:  Vacant restaurant building
5030 S. Waverly Road:  Savemore Meat & Dairy Market
5050 S. Waverly Road:  Vacant commercial building
5058 S. Waverly Road:  Family Dollar retail store

Zoning Ordinance Provisions

Section 1246.03 of the City of Lansing Zoning Ordinance describes the procedures for zoning land that has been annexed into the City:

(a) All territory which is annexed to the City shall be given an interim zoning by the Planning Division with a district enumerated in Section 1246.01, which most closely resembles the zoning which the territory maintained prior to annexation. Such interim zoning shall only be in effect until the rezoning pursuant to subsection (b) hereof is completed.

(b) The Planning Board shall, within 180 days after the territory is annexed, and pursuant to the procedures described in Section 1240.04, review and recommend to Council the appropriate zoning of the territory, with consideration being given to the existing land use and the land use policies of the Comprehensive Plan. This section shall not preclude a person from at any time seeking a boundary amendment pursuant to Section 1240.04.
All of the above-referenced properties were zoned commercial under the Delta Township Zoning Ordinance except for 11907 Jolly Highway which was zoned “Very Low Density Residential”. Pursuant to paragraph (a) above, the interim zoning for 11907 Jolly Highway is “A” Residential. The other 7 parcels have an interim zoning classification of “F” Commercial. These are the zoning designations in the City that most closely match the zoning that the subject properties had when they were located in Delta Township.

**Master Plan Designation**

The City of Lansing Master Plan designates the Jolly/Waverly intersection for “Neighborhood Mixed-Use Center” land use. The Plan describes the purpose of this designation as:

“To encourage the location of convenience retail and services within walking distance of neighborhoods.”

The Plan lists the following as typical uses for this designation:

“Retail, personal services, office, live-work and residential. Automobile-oriented uses not permitted.”

The City’s Master Plan is not parcel specific and does not cover the entire area that was annexed into the City as it was in Delta Township at the time that the Plan was written. Based on the future land use map pattern for the area, however, it appears that the intent is to designate the commercial properties at or near the Jolly/Waverly intersection for Neighborhood Mixed-Use Center land use but not to extend this designation/future land use into the adjoining residential areas.

**Zoning Designations**

The interim zoning designation of “A” Residential for the single family residential property at 11907 Jolly Highway is appropriate and should be made permanent. The property contains a single family residential dwelling which is a use that is permitted by right in the “A” Residential zoning district.

The interim zoning of the commercial properties is “F” Commercial as that is the zoning designation that most closely matches the zoning of the properties when they were in Delta Township. As depicted on the attached zoning map, the properties at the southeast and southwest corners of the Jolly/Waverly intersection are zoned “F”
Commercial. The property at the northeast corner of the intersection is zoned “E-2” Local Shopping district. The Zoning Ordinance describes the intent of the 2 zoning districts as follows:

“E-2” Local Shopping District: “The intent of the E-2 Local Shopping District is to provide convenience retail stores.”

“F” Commercial District: “The intent of the F and F-1 Commercial Districts is to allow general retail commercial uses.”

The “E-2” zoning district permits “convenience” retail stores which are the type of stores that draw their customer base from a relatively small geographic area surrounding the business. The “F” Commercial district, by contrast, permits uses such as vehicles sales, theaters, medical marijuana dispensaries, motels/hotels and “comparison” retail stores that draw their customer base from a much larger geographic area. A Rite Aid pharmacy, for example, is a “convenience” retail store whereas, a Target store is a comparison retail store. It is unlikely that someone would travel from north Lansing to shop at a Rite Aid pharmacy on S. Waverly Road as there would be a more convenient pharmacy located much closer to the customer’s location of origin. It is likely, however, that someone would travel from north Lansing to visit the Target store on Edgewood Blvd. as one can obtain merchandise from Target that are not necessarily available from stores closer to their location of origin. All of the existing businesses located within the annexed area would be permitted by right in the “F” Commercial district and since they are all “convenience” type uses, they would also be permitted by right in the “E-2” Local Shopping district.

Based on the following findings, the “A” Residential zoning, which is the interim zoning designation, is the most appropriate zoning for the property at 11907 Jolly Highway:

* The “A” Residential zoning is consistent with the “very low density residential” zoning designation that the property had while it was located in Delta Township.

* The subject property contains a single family residential dwelling which is a use that is permitted by right in the “A” Residential zoning district and therefore, the use will conform to the zoning district in which it will be located.
The two zoning designations that merit consideration by the Planning Board for the zoning of the properties at 4820, 4848, 4880, 4902, 5030, 5050 & 5058 S. Waverly Road are the “E-2” Local Shopping district and the “F” Commercial district. The following findings are offered for the Board to take under advisement in making its recommendation to the City Council on the zoning of these properties:

* The “F” Commercial district has been assigned as the interim zoning designation of the properties as it is the zoning that most closely matches the zoning that the properties had in Delta Township prior to annexation into the City.

* The uses currently located on the subject properties are permitted by right in both the “F” Commercial & the “E-2” Local Shopping districts and thus, no nonconformities will be created under either zoning designation.

* The parcel of land at the northeast corner of the Jolly/Waverly intersection is zoned “E-2” Local Shopping district and the properties at the southeast and southwest corners are zoned “F” Commercial. Neither zoning designation for the subject properties will therefore, create a “spot zoning” situation which is typically considered to be an unacceptable planning and zoning practice.

* The “E-2” Local Shopping district is the most appropriate zoning designation to facilitate the future land use pattern being advanced in the Master Plan for the Jolly/Waverly intersection which is to: “encourage the location of convenience retail and services within walking distance of neighborhoods.” The primary distinction between the two zoning districts being offered for consideration is that, in contrast to the “F” Commercial district, the “E-2” Local Shopping is restricted to “convenience” type uses.

LANSING PLANNING BOARD PUBLIC HEARING

Owner: Craig DeVoogd

Property: 4880 S. Waverly Road, Lansing, Michigan 48911

Current Zoning: “F” Commercial

Background:

My property is a 2.5 acre lot and is the site of a 10,536 square foot building. The main building was constructed in 1972, and additions to the building were constructed in 1996 and 1997. The Property is currently zoned as “F” Commercial on an interim basis. I purchased the Property at auction in 2014 after the prior owner was placed into a court-ordered receivership. Before my purchase, a “Pay Day Advance” store and Pawn Shop was operated on the Property. Since purchasing the Property, I have renovated the building and unsuccessfully attempted to lease the Property for commercial uses. The Property has been vacant since 2012. It’s current state is vacant and currently listed for sale or lease thru Remax commercial reality, (at below market rates.)

Prior to the annexation process, a potential business owner had expressed interest in the property and had discussions with the city planning dept. reference a business involved in the medical marijuana industry. Since that conversation, the “business plan” has been taken off the table. The business entity has cancelled all plans for purchasing the building and has explored other opportunities outside of the City of Lansing. Currently there is no interest whatsoever, by any entity purchasing or leasing the property.
Preliminary Statement Regarding Intensity of Uses

If a change is approved, the Property may be used for certain purposes as a matter of right, as set forth in the Zoning Ordinance. I submit that the uses permitted by right in the Wholesale District are relatively low-impact uses (such as clinic, child care facility and wholesale establishments). The city retains control over granting or denying any special land use permits for the Property.

Analysis

I. Review of Factors

1. A change is consistent with the goals, policies, and uses proposed for the subject parcel in Lansing’s, “Design Lansing's” Comprehensive Plan.

   a. The Comprehensive Plan observes that some retail properties are in decline and are prime candidates for redevelopment. Specifically, “Priority Issues” Pg. 50, emphasizes "Transforming strip commercial corridors." The plan describes typical strip commercial development that represent a negative image to the city and to neighborhoods. This same priority applies to the area in which my property is located, as evidenced by the ongoing vacancy of the building and surrounding properties. The comprehensive plan emphasizes a transformation to a “non-retail use”.

   b. Comprehensive plan (page 53) states that strip commercial retail along corridors are experiencing “increased vacancies”. The plan states that Lansing is currently “over zoned” for this type of development and recommends a move towards non-retail uses.

   c. Comprehensive plan (page 79) states an objective of, “Improving Lansing’s gateway streets to enhance first impressions, expand housing options and provide sites for job-oriented uses by encouraging the restructuring of strip commercial development.” The plan specifically identifies gateways north of Jolly Road to “encourage a gradual transition to non-retail development”.

2. A change towards uses other than retail is justified by a change in conditions or by an error in the original ordinance.
a. The area in which the Property is located no longer supports primarily commercial uses. This is evidenced by the following:

i. Of the seven commercial properties in this corridor, Eaton County has issued 32 certificates of foreclosure for unpaid property taxes in the last 15 years.

ii. Currently, the two properties to the north and the property immediately to the south face a combined $33,000 in unpaid property taxes – meaning that all three will face tax forfeiture in the next few months.

iii. The current vacancy rate in this commercial corridor is 57%, with three parcels having been vacant for many years. Recent public corporate announcements indicate the 'Family Dollar' store within this corridor is in jeopardy of also closing. This would further escalate the vacancy rate to an unbelievable 71%.

iv. In the last 10 years, nine commercial businesses have opened and failed.

b. It is clear from the trend of failing commercial businesses that this corridor can no longer sustain commercial uses. A change moving the Property away from a retail emphasis is therefore necessary to allow for productive use of the Property.

3. The Property does not possess natural features or environmental characteristics that would be significantly adversely impacted by the uses other than retail.

a. There are no natural features or environmental characteristics that would be significantly adversely impacted by using the Property for wholesale/warehousing purposes, for example. To the contrary, the Property is well suited for wholesale/warehousing uses both in size (2.50 acres) and terrain (relatively flat).

b. A proposed change to G Wholesale for example would:

i. promote and protect the public health, safety, and general welfare by allowing for additional uses in a suitable area of the City.

ii. A change would protect the character and stability of the area and promote the orderly and beneficial development of such area by allowing for a beneficial use of a building that has sat vacant for years.
iii. The use would provide adequate light, air, privacy, and convenience of access to property.

iv. A change is consistent with the intensity of uses in the area and would not impede open spaces surrounding buildings and structures that are necessary to provide adequate light and air and to protect the public health.

v. The use would not adversely impact congestion on public highways and streets.

vi. The use would not adversely impact the Cities ability to provide for transportation systems, sewage disposal, water, energy, recreation, and other public service and facility requirements.

vii. A change would allow the Property to be used in accordance with its character.

viii. A change would not result in an improper use of land.

ix. The use would comply with the Cities building standards.

x. The use would not be incompatible with the character of development or the uses, buildings or structures permitted within specified zoning districts.

1. As discussed above, the uses permitted by right in the Wholesale District are low impact, such that they will not adversely impact neighboring properties. As also discussed above, the character of the corridor has changed in recent years, with many commercial businesses having failed and commercial properties facing long-term vacancy and tax foreclosure.

xi. The use would not present a risk of fire, explosion, noxious fumes and odors, heat, dust, smoke, glare, noise, vibration, radioactivity, and other nuisances and hazards.

xii. The use would not result in overcrowding of the land or undue concentration of buildings or structures.

xiii. The use would not present any hazards to life or property.
4. The uses allowed under the wholesale district would be equally or better suited to the area than uses allowed under the current zoning.
   
a. A wholesale district use is equally suited to the area as uses allowed under the current zoning. The economy over the last several years has not supported commercial development of the Property, as discussed above and as further evidenced by (1) the failure of the prior commercial operation, which was placed into a court-ordered receivership; and (2) the owners diligent but unsuccessful efforts to lease the Property for commercial purposes since 2014. I believe I can successfully lease or sell the Property for wholesale uses. The impact of an wholesale use permitted by right is comparable to the impact of a commercial use and, indeed, would likely generate less traffic than a commercial use.

5. The City is able to provide services, infrastructure, and facilities that may be required if a change were made.
   
a. The proposed use would not require new or different services, infrastructure, or facilities from the City, and thus would have no impact on the services provided by the City.

For these reasons, I respectfully request that a zoning change be approved, in order to permit additional uses consistent with a wholesale district. Such additional uses could include a trade or vocational school, child care facility, clinic, or wholesale businesses.

Respectfully submitted,

Craig DeVoogd
