RESOLUTION – Grant Acceptance; National League of Cities / JP Morgan Chase and Co. Grant for “Cities Addressing Fines and Fees Equitably”

Ms. Paxton stated the national league of cities came out of Ferguson work. It went to four or five different departments to see how they could assess fees. First part will be data analysis, upon approval from council they will use data from ordinance violations and map by geography based on where the person lives, race, gender, income (information from census date). She advised that Hispanic is not an option for officers to choose, however they are working to see if this could be changed.

Ms. Paxton advised that $8000.00 would be used for a researcher from MSU, should ask software vendor to pull data currently working with Anethia Brewer on this. In addition, $2000.00 will be used to purchase gift cards for focus groups. Ms. Paxton stated there is no corporate match.

Council Member Spitzley asked if they consulted with departments before applying for these grants. Ms. Paxton advised they consulted with the Fire department, Treasury, Parking, and Courts. Council Member Spitzley suggested they consult with the Lansing Police Department, as this will directly affect them.

Next step is looking at potential policy changes.

RESOLVED, the Board of Public Service supports and recommends the following budget priorities to the Lansing City Council for consideration with Council’s Budget Policies and Priorities for the Fiscal Year July 1, 1920– June 30, 2021:

1. General Fund levels should be increased for implementation of the City's Street System Asset Management Plan, and for additional funding for reconstructing neighborhood streets with a Pavement Surface Evaluation Rating of 4 or lower. We encourage support for the department to look for new and innovative ways to extend the life of our existing streets and seek additional funding.

2. Increase compliance with the City's Complete Streets Ordinance, and additional funding of the sidewalk gap closure program, sidewalk repairs and right-of-way maintenance and improvement, consistent with keeping
safety a priority for Lansing residents and visitors, while meeting or exceeding the compliance with the Americans with Disabilities Act.

3. Increase funding to update and improve the fleet of city vehicles, with specific priority for the Public Service Department;

4. Increase funding for the cleaning and maintenance of our wastewater aeration basins to remove sludge and silt buildup from the bottom of these tanks and repairing them once cleaned. This will allow us to be at or above the recommended guidelines.

5. The City should approve a budget to: (i) expand opportunities for multifamily residential and business recycling; and (ii) implement organic waste recovery;

6. Follow recommendations of the energy audit of all facilities and properties to save on energy and cut costs by replacing wasteful devices with ones that are energy efficient and reduce the carbon footprint of the City of Lansing.

7. Fund training and work with federal, state, county, local municipalities, and organizations to become a leader in PFAS regulation, testing, monitoring and enforcement.
