MOTION BY COUNCIL MEMBER HUSSAIN TO APPROVE THE MINUTES FROM THE SEPTEMBER 5, 2019 MEETING AS PRESENTED.  MOTION CARRIED 3-0.
DISCUSSION/ACTION
ORDINANCE – Chapter 1300 Amendments
Council Member Wood recapped one change the Committee had requested which was a 500’ buffer setback from parks with the removal of the play equipment, however the Planning Board recommendation was to leave it at the 1,000’ and after the Committee individually spoke to the Mayor, the proposed ordinance reflects the 1,000’. The Committee then reviewed a bullet point listed from the OCA on the highlighted changes to the ordinance.

Council Member Wood noted for the record the public hearing will be held September 30, 2019 and Council will be asked to take action the same night so they can be adopted and in effect by November 1, 2019.

MOTION BY COUNCIL MEMBER HUSSAIN TO APPROVE THE ORDINANCE FOR THE CHAPTER 1300 AMENDMENTS. MOTION CARRIED 3-0.

DISCUSSION – Parking Ordinance Amendments – Chapter 404 Section 404.13
Council Member Wood distributed a memo from the Mayor that the Council offices received shortly before this meeting. She then highlighted past meetings, which included the attendance of the Administrations staff, however she added, the Mayor informed her he was not aware the Committee was working on an ordinance, along with no knowledge his staff was making recommendations. Therefore, at this point he was submitted a memo outlining his concerns. Council Member Wood then recommended to the Committee that at this point, they stop any work or action on the ordinance because of the Mayor’s outstanding concerns. At the October 3, 2019 meeting, the Committee will write a report to the rest of Council outlining the work they have done and why they have stopped. Council Member Spitzley spoke in frustration on the timing of the memo and his statement that he was not aware the Committee was working on something, after years and efforts. Council Member Wood informed the Committee that she had directed Council staff to forward the ordinance and all Committee minutes on the subject to the Mayor and at this time directed Council staff to forward to the other Committee members as well. Council Member Hussain provided examples where emergency vehicles cannot get to emergencies because of street parking and limited access.

DISCUSSION – City Attorney Update – 3801 Walton
Mr. Smiertka updated the Committee on an inspection that was performed on September 12, 2019 with himself, the building official, LPD Officer Colby, the property owner and the property maintenance staff. At the prior visit there were issues with lack of working smoke detectors, and that was resolved this visit. As for the “calls for service” as of 9/19/2019 for the last 3 months, Mr. Smiertka noted nothing remarkable and his office had not received any calls either. He was then asked if he had spoken to Officer Colby about her earlier statements that tenants are not filing complaints or calling LPD because they informed her that they were told if they complained they would be evicted. Mr. Smiertka confirmed he has spoken to Officer Colby but had not heard that statements, and added that in his conversation with her he was informed she had the current tenant list. He then continued on other pending items, including a working camera but still not current monitor to watch the videos, but the owner will get one. All communications have been verbal with no deadlines, so Mr. Smiertka stated he would follow up. Mr. Swan then confirmed at the visit on September 12, 2019 he went through his correction notice and the large issue of smoke detectors has been remedied, however even though they are all installed and working they are having issues with the tenants disarming them and he noted he even witnessed a tenant destroy on while he was there. The maintenance employee did replace immediately and did show him a storage room full of replacement. Mr. Swan concluded his statement by acknowledging that the owner is making
improvements that are not required and if there, any other outstanding issues they are not life threatening. Mr. Smiertka assured the Committee he would follow up with Officer Colby on the alleged threats by the landlord and on the monitor to watch the videos. In conclusion, Mr. Smiertka stated that all tenants’ lists have been provided to Officer Colby, the code issues are corrected, and there are no major issues with the call for service. Council Member Hussain asked to review the list on call for service, and after review determined that, there was not pattern on the service calls. Council Member Spitzley asked for an update on other complaints such as bed bugs. Mr. Swan acknowledged he was not aware of those complaints, but that would not be a building issue. Council Member Wood noted her frustration of years, manhours with LPD, OCA and Building Safety, and being continually told there is not enough for a nuisance case to go to court. Therefore, she asked those departments to provide their time spent on the property and situations so Committee can determine it is well over the amount of a normal rental property review. Mr. Smiertka confirmed they cannot recoup costs based on what had already been done, but he personally would continue to monitor the property, and follow up on the tenant list. Council Member Spitzley asked if there was an ordinance that would allow the City to recoup the fees for repeat offenders, and if not it needs to be reresearched as an option. Council Member Wood pointed out in the past the City has addressed difficult properties with a 6-12 month timeline and it was determined to still be unresolved the City pursued a determination of an unfit landlord. Mr. Smiertka stated if there were health issues at the property the Courts could pursue that. Council Member Spitzley asked the Committee to pursue having the City implement fines on repeat offenders, and create a mechanism to show landlords that the City is responding to its residents. Mr. Smiertka confirmed that the City of Rochester and Buffalo have a point system, and once a certain level is met it becomes a nuisance and fines are issued. Council Member Spitzley asked for a further discussion by the Committee in order to implement fines. Council Member Hussain agreed to the discussion, and asked for it to include all rentals, including single family and to look at the threshold that makes someone a “problematic landlord”. Council Member Wood asked the OCA, LPD and Code to look at what is currently out there, and proposed options, but if there is no movement by the end of the year the Council could consider and AD HOC Committee to address the option moving forward. Mr. Smiertka acknowledged the request and noted they could look at amending the rental ordinance to address it. Mr. Swan was asked to inform the OCA when the next rental inspection would be for 3801 Walton and to coordinate that with his office.

DISCUSSION – Correction Notice Fees

Mr. Smiertka referenced the document in the packet, noting that some of the fees noted were actually fines, noting there is a difference because resolution sets fees and there is an ordinance on civil infractions fines. Council Member Wood clarified that the question was initiated by the Committee because there are some fines, such as trash, grass and weeds that have been set at $75 for over 10 years so the Committee had inquired into why it was not increased, and if they chose to increase what would those suggested fees be. The Committee is aware that there needs to be an evaluation of what the cost is to do the work. Mr. Smiertka stated to Mr. Sanford that his department would need to do an assessment of the hourly wage, the overhead cost and fringe benefits. The overhead cost would include offices, electronics and vehicles. Once that is determined it would need to be taken into consideration with the time it takes to do the task and then set the fee. Mr. Smiertka attempted to review each item on the document, however Council Member Spitzley asked that they create a separate document for fines and one for fees. She also stated to the Committee that as part of their Council Budget Priorities for the FY2020/2021 Budget they need to consider adding a statement that all fees be reviewed and brought up to update. Council Member Wood asked the OCA and Code, when reviewing the fees and fines and doing the determination, it should be noted who will receive the funds and at what percentage. There was brief discussion by Council Member Wood, Mr. Smiertka and Mr. Sanford on a City Violations Bureau in the
DISCUSSION- Ordinance on Crime Prevention through Environmental Design (CPTED)
The Committee briefly spoke about past practices and attempts to address crime prevention with design, including working with MSU with research. Ms. Hagen confirmed she has researched the ordinance from Grand Rapids, where it only applies to certain types of businesses, so currently the OCA has additional questions and will reach out to the Grand Rapids attorney. Chief Green offered MSU Professor Linda Nuboni who currently works with the LPD on grants and safety at parks, and stated she had an interest in reviewing the document. Council Member Spitzley supported the research into the program, but did not want the LPD overburdened with the enforcement. Council Member Wood noted that if they used Grand Rapids as a template, that ordinance enforces through a permit and zoning, and an officer would have to initiate a violation if they wanted to be enforce. Chief Green added that more than likely it would be the code officers, corridor enforcement and community officers that would actively be involved in tracking and distinguishing a violation. Council Member Wood asked Ms. Hagen for the update on an ordinance on social clubs along with the impact of this on the social clubs, at which Ms. Hagen stated she did not start anything yet but will be working with Ms. Bowen in the OCA office on something.

Other
Council Member Spitzley asked for an update on past discussions with Animal Control. Council Member Wood stated that Animal Control will be at a neighborhood meeting on Tuesday, 9/24/2019. Council Member Hussain added that he was made aware that the department asked for additional funds in their budget for after-hours enforcement.

Council Member Spitzley congratulated Ms. Hagen on her recent jury trial win in court.

Council Member Hussain asked Ms. Hagen the status of the research and draft ordinance he requested which would hold the landlords accountable to assist with housing when tenants are evicted due to unhealthy and unsafe living conditions. Ms. Hagen did not have a document at this time and stated she is rewriting something.

ORDINANCE NO. 2019-02

An ordinance amending Chapter 14 of the City of Jackson, Michigan Code of Ordinances, to provide safe replacement housing for tenants displaced from their homes as a result of the dwelling being declared unfit for human habitation by the Chief Building Official pursuant to Section 14-47 of the Codea provision establishing property owner obligations with respect to tenants displaced from dwellings that have been vacated by Chief Building Official, due to violations of Chapter 14 of the Jackson Code of Ordinances.

THE PEOPLE OF THE CITY OF JACKSON ORDAIN:

Section 1. Purpose.
The City Council adopts this Ordinance to create a provision establishing property owner obligations with respect to tenants displaced from dwellings that have been vacated by Chief Building Official due to violations of Chapter 14 of the Jackson Code of Ordinances.

Section 2. That Chapter 14 be amended to add an article providing for relocation assistance for displaced tenants as follows:

Article VII – RELOCATION ASSISTANCE FOR DISPLACED TENANTS

Sec. 14-500 – Title.
This article shall be known as the “Relocation Assistance for Displaced Tenants Ordinance.”

Sec. 14-501 – Findings and Purpose.
The city council finds that tenants who are required to vacate structures rented for residential purposes due to a Notice to Vacate issued pursuant to Chapter 14, Article II, Division 2, often encounter difficulty in finding suitable or affordable, temporary or replacement housing due to the short notice necessitated by the Notice to Vacate. Such difficulties create a financial hardship for said tenants and may result in homelessness. The city council also finds that those property owners who do not properly maintain non-owner occupied residential properties and who allow said dwellings to become unsafe or hazardous should bear responsibility for the hardships their actions create for their tenants. Additionally, the city will often spend time and resources assisting tenants displaced by a Notice to Vacate. These costs and expenses are not reimbursed by the property owner. Therefore, the city council finds and declares it necessary to enact this chapter to protect the public health, safety and welfare and to permit the city to seek reimbursement for the costs and expenses incurred. Nothing herein shall limit or preclude other remedies available to tenants under Michigan law.
Sec. 14-502 – Definitions.

Unless the context indicates otherwise, the following words used in this article shall have these meanings:

(2) Proof of Compliance. In order to provide proof of compliance by the landlord with the relocation payment requirements of this code, the landlord shall make the payment to the city, at the Department of Neighborhood and Economic Operations; or a copy of the written agreement executed by the landlord and the tenant providing for and describing alternative arrangements shall be provided to the Chief Building Official and the director of the Department of Neighborhood and Economic Operations within five days of the date that the unit is vacated by the tenant. The landlord may make the rental payment directly to the owner of the alternative rental unit but must provide proof of such payment to the director of the Department of Neighborhood and Economic Operations.

(3) Action by the City. The city will make reasonable efforts to locate suitable alternative rental unit of the same or similar type, size, and location as to the vacated rental unit whether or not the landlord has provided the relocation payment, and which is acceptable to the tenant. The alternative rental unit shall be in a condition acceptable to the Chief Building Official and satisfy the minimum room requirements contained in Section R304 of the Michigan Residential Code. Upon the request of the city, the landlord is required to provide the following information: the address of each rental unit being displaced, the number of bedrooms and bathrooms of each unit, the names of the tenant(s) and the other members occupying the rental unit and the amount of the monthly payments due under the lease and the length of the rental term. The city will locate temporary housing
and pay the first five days’ worth of rental for a suitable alternative rental unit and such payment shall be reimbursed by the landlord within ten days after issuance of an invoice by the city to the landlord. After the first five days after the vacating of the unit, the landlord shall be responsible for locating a suitable alternative rental unit of the same or similar type, size and location as the vacated unit.

(4) Right of First Refusal. Any tenant evicted or required to vacate any rental unit pursuant to the provisions of this chapter shall be given the right of first refusal to reoccupy a rental unit on the site once said property becomes habitable, or once housing is redeveloped on the site.

(a) The landlord shall, at the time the tenant vacates, provide written notice advising the tenant of the right of first refusal. Said notice shall include a current address and telephone number which can be used by the tenant to contact the owner.

Said written notice shall be made by certified mail, return receipt requested. Proof of compliance under this subsection must be provided by the landlord to the Director of Neighborhood and Economics Operations.

(d) If the landlord cannot locate a previous tenant after two attempts over a period of two weeks, the landlord shall be deemed to have complied with the right of first refusal provision of this chapter, and the tenant’s right of first refusal shall thereafter be forfeited. The landlord must provide notice to the Neighborhood and Economics Operations in the event that it is the landlord’s determination that the tenant’s right of first refusal has been forfeited.

Sec. 14-504 – Exceptions.

(1) Any tenant evicted or required to vacate as a result of unsafe or hazardous living conditions or illegal use, who refused to vacate after the provision of the relocation payment is made, or who the Chief Building Official has determined has caused or substantially contributed to the condition(s) giving rise to the abatement or whose guest or invitee has caused or substantially contributed to the condition(s) giving rise to the abatement, shall not be entitled to receive relocation assistance from the landlord.

(2) Landlords are not required to provide relocation assistance to any tenant evicted or required to vacate a rental unit that becomes unsafe or hazardous as a result of a natural disaster, fire, flood, or civil disturbance.
(3) The Chief Building Official or his or her designee may make a determination as to whether any of the exceptions provided in subsections (1) or (2) are applicable and the Director of Neighborhood and Economic Operations may waive the landlord’s obligations as to the specific tenant only for good cause shown.

(4) If the landlord has already provided a suitable alternative rental unit of the same or similar type, size, and location as to the vacated rental unit to the tenant, and such replacement unit was accepted by the tenant as evidenced by a written agreement described in this article, and the landlord has agreed to pay the actual costs associated with the tenant’s moving expenses, in an amount not to exceed $1,000.00, the relocation payment shall no longer be required.

(5) Landlords are not required to provide relocation assistance to any tenant who has been served with an order of eviction requiring the tenant to move from the rental unit.

(6) Landlords are not required to provide relocation assistance to a tenant if the tenant and the landlord have entered into a consent judgment filed with the Court requiring the tenant to move from the rental unit.

Sec. 14-505 – No Waiver Permitted.

No landlord shall attempt to secure from a tenant any waiver of any provision of this Article. Any agreement, whether written or oral, whereby any provision of this Article is waived, is against public policy and is void. No person shall intentionally secure a waiver of any of the provisions, rights or benefits of this ordinance from a tenant by false pretenses or fraud. A violation of this section shall be punishable against the landlord as a misdemeanor.

Sec. 14-506 – Violation and Penalty.

Any violation of this Article, other than Sec. 14-505, is subject to the remedies and penalties provided in Chapter 2.5 of this Code and an administrative civil penalty of up to $1,000.00 per day may be assessed for each day during which a landlord fails to provide relocation assistance required by Sec. 14-503 following issuance of a written order or notice of violation by the city, in addition to the hourly rate of any city employees that took any action in connection with the property under this article, plus the city’s reasonable attorney’s fees and court costs. Nothing herein shall limit the right of a tenant to enforce the obligations provided herein by civil action or by any other legal remedy which may be available to said tenant.

Sec. 14-507 – Severability.

If any provision of this article is determined to be unenforceable by a court, the remainder of this article shall be deemed severable and is to remain in full force and effect.

Section 3. This Ordinance takes effect thirty (30) days from the date of adoption.
Adopted: The foregoing Ordinance 2019-02 was adopted by the Jackson City Council on January 29, 2019 and a summary was published on February 3, 2019.

AN ORDINANCE TO ADD CHAPTER 175 ENTITLED “CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN (CPTED)” TO TITLE IX POLICE REGULATIONS OF THE CODE OF THE CITY OF GRAND RAPIDS

ORDINANCE NO. 2019-__

THE PEOPLE OF THE CITY OF GRAND RAPIDS DO ORDAIN:

Section 1. That Chapter 175, Title IX of the Code of the City of Grand Rapids be added, to read as follows:

“CHAPTER 175 CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN (CPTED) ORDINANCE

ARTICLE 1 TITLE, PURPOSE, AND SCOPE.

Section 9.929. Title.

These regulations shall be known as the “CPTED” Ordinance of the City of Grand Rapids, Michigan.

Section 9.930. Purpose and Intent.

A. Crime Prevention through Environmental Design, known as CPTED (pronounced “sep-ted”), is a philosophy of crime prevention that utilizes a multidisciplinary approach to the built environment that is intended to deter criminal behavior, foster improved quality of life, assist in achieving community-policing goals, and facilitate self-policing by the community. CPTED draws on passive strategies incorporated into the normal planning, design, and management of the built environment. This ordinance focuses on goals that relate to the physical built environment and generally addresses the following key elements of CPTED philosophy:

1. Natural access management for the physical guidance of people and vehicles;
2. Natural surveillance to promote and maximize visibility;
3. Territorial reinforcement to delineate space and express a positive sense of ownership; and
4. Physical maintenance and management for the general upkeep of a building or area.

B. CPTED enhances community-policing, self-policing by the community, and collaboration between property owners, businesses, residents and neighborhoods in the following ways:
1. The creation of a safe environment, both real and perceived, is coupled with place-making to foster community belonging and ownership that discourages criminal behavior.

2. In healthy and safe communities, people are able to generate and implement practical solutions to neighborhood issues because residents are able to coordinate and communicate when not under environmental stress.

3. Human-scaled, pedestrian-oriented environments allow for face-to-face social interaction, relationship building, the self-management of behaviors and community accountability.

4. A relationship-based community can help encourage and maintain community self-policing efforts to reduce the need for City resources and police intervention in places that may be sensitive to a police presence.

C. These provisions are intended to maintain and enhance the attractiveness and economic vitality of business districts and commercial areas by providing a comprehensive approach focused on establishments that sell tobacco, alcohol for off-premises consumption, and marijuana; therapeutic massage facilities and bodyworks facilities and those potentially engaged in the illicit massage adult sexual services industry; and businesses that are open past midnight, subject to certain conditions, in the implementation of CPTED principles to create a safe environment for Grand Rapidians in the following ways:

D. The provisions of this Chapter are deemed to be the minimum requirements necessary for the promotion of the public health, safety and general welfare of the people of Grand Rapids. In addition to the standard requirements of this ordinance, enhanced measures are also provided to reduce recurring issues on sites of chronic non-compliance.

E. These regulations should be used in conjunction with the associated relevant chapters of City Code, including the Zoning Ordinance, Nuisance Code, and Building Maintenance Code.
