I. Call to Order
K. Dorshimer called the meeting to order at 11:34 a.m.

II. Citizen's Comments
None

III. Approval of Agenda and Minutes
Mayor Schor's comments were moved to the next item for the agenda. C. Zarkovich moved to approve the amended agenda of January 10, 2019 and the minutes from December 23, 2018. JV Anderton seconded, motion passed unanimously.

A. Conversation with Mayor Schor:
The State of the City is on February 6, and one of the topics is creating a vision for the City that includes design of the many neighborhoods and corridors throughout the city. This includes downtown as well. The Mayor wants to talk about visioning for each of these areas with engagement from the public. There are several cities that are doing this very successfully. He wants to bring everyone to the table and collaborate.

In order to enhance capacity at DLI, he would like to move Silver Bells to LEPFA. This would allow DLI more time to focus visioning and to work to implement that vision.

Board members are open to this possible change, but have some questions. One concern that was expressed is that Silver Bells is volunteer and donor driven and whether or not LEPFA can be successful with that type of event. The Mayor indicated that they have considered this and that they are taking their time this year to work on structure, funding, etc. The Mayor was asked about possible timing for a transition and he indicated that he wanted to speak with the DLI Board first and still needs to speak to LEPFA to make sure that this is possible and figure out the best route to take. If need be, he said it could be delayed a year, but he hopes with starting early enough that DLI could hand off the event for 2019.

Mayor Schor said to contact him or B. McGrain with any additional questions or concerns.

Board discussion ensued about what the metrics and demographics for Silver Bells and the positive impact is has on downtown businesses. The board thinks M. Biladeau has grown the event
exponentially and a subcommittee for the transition is important in order to keep the event up to
standards and plan for the future.

The Silver Bells Transition Committee: JV Anderton, C. Nadar, and K. Dorshimer are interested
in serving on the subcommittee. Motion made to create a Silver Bells Transition Subcommittee
made by J.V. Anderton, Second by C. Nadar. Motion passed unanimously.
