DISCUSSION

Council Member Spitzley noted to the Committee that they need to consider amending the original resolution which had a deadline for reporting of September 1, 2020. Council Member Betz asked if Council President Spadafore was aware of the interest to extend the date, and Council Member Spitzley stated he understands that due to COVID-19 there were unique circumstances and the Committee did not have the opportunity get the work done they were charged with.

The Committee discussed options and determined the end of the year would be a good option, but after reviewing the Council calendar determined their deadline would be for the Committee to finalize their report on December 11, 2020 and deliver the report of findings and recommendations at the December 14, 2020 Committee of the Whole and Council meeting.

The Committee discussed the need not to rush, the need to meet with the neighborhoods and complete the tasks.

The Committee consensus was to meet again on July 10, 2020 to act on a resolution to extend the deadline to December 14, 2020.
