

City of Lansing Down Payment Assistance (DPA) Program Manual

Effective January 24, 2018

THE CITY OF LANSING RESERVES THE RIGHT TO CHANGE REQUIRED DOCUMENTATION AS NECESSARY.

A. General Program Information

The City of Lansing Down Payment Assistance (DPA) Program (hereafter “Program”) is allocated from a portion of the city’s federal Department of Housing and Urban Development’s (HUD) HOME Investment Partnerships Program (HOME) funding to provide home ownership assistance. This Program is being made available through the city’s Development Office. Funds are reserved on a first-come, first-served basis.

The goal of the Program is to expand home ownership opportunities for income-eligible households and to increase homeownership within the city of Lansing. **Loans to eligible applicants not to exceed \$40,000 (adjusted based on household need)** for down payment and reasonable closing costs incurred in the purchase of property located within the Lansing city limits, with the exception of homes that are in the flood plain.

Program subsidies are provided as a ten year, zero-interest loan which are secured by a promissory note and mortgage subordinate to those of the primary lenders. If the Homebuyer meets all Program requirements, the loan will be forgiven after ten years. The loan becomes immediately due and payable in full if the property ceases to become the Homeowners principal-place of residence. The only exception to this rule will be if after the first five years, the Homeowner purchases another principal place of residence within the Lansing city limits, then the remaining portion will be completely forgiven if the down payment assistance loan was less than \$14,999. **First mortgages must have a fixed-rate and include the escrows of taxes and insurance.**

Homebuyers are required to repay loan funds in full during the first ten years of their loan if they vacate, sell, transfer or assign any legal or equitable interest in the property at any time on or after the execution date of this mortgage product, which amount shall be immediately due and payable in full. Loan amounts are not forgiven at a pro-rated amount. Prepayment of Down Payment Assistance Loans is not allowed.

A purchaser of an eligible new or existing single-family residence may apply for Program funds after they have been pre-qualified by a first-mortgage lender and put in an offer on a home. A home owner cannot apply for Program funds after the mortgage loan has been closed. Program funds cannot be provided to a homebuyer who is refinancing an existing mortgage or land contract, or purchasing a home on a land contract.

Program funds **can** be used in combination with employer assisted down payment incentives, as well as Individual Development Accounts (IDAs). Program funds **cannot** be used in combination with Michigan State Housing Development Authority (MSHDA) down payment assistance, but **can** be used with a MSHDA mortgage.

A. 2013 HOME Rule

The 2013 HOME Rule requires Participating jurisdictions to develop and follow written policies and procedures for underwriting homebuyer assistance, responsible lending and re-subordination of HOME debt in the event of private debt refinancing. The 2013 Rule requires subsidy evaluation and underwriting of all HOME projects to ensure HOME funds invested are reasonable and necessary to ensure project viability for at least the affordability period.

Under 92.254(f), PJ's underwriting standards and policies must address:

- Housing debt and household total debt
- The need for assistance and the appropriateness of the assistance amount
- Recurring monthly household expenses
- Assets available to acquire the housing, and
- Financial resources available to the household to sustain homeownership

v. Repairs – Program funds **cannot** be used to pay for any required repairs to the property.

f. Appeals

Applicants may appeal any administrative interpretation of this policy, or may request a relief variance from the strict application of a provision of this policy. Appeals shall be directed to the City of Lansing Development Manager. Such appeals may be granted at the discretion of the Development Manager, provided the action is consistent with the intent of the program and does not violate applicable federal, state, or local regulations.

30. INSTRUCTIONS FOR OBTAINING A COMMITMENT OF FUNDS

Once the City has approved an application and certified Program funds are available, the Lender and Homebuyer must provide additional documentation as listed below prior to the City's issuance of a Verification of Commitment of Funds letter to the Lender. A Commitment of Funds expires sixty (60) days after issuance.

A. Documentation

Items needed to document Commitment of Funds are listed below. Each document must be completed and signed as appropriate and must be dated within 90 days of the date submitted to the City. The Lender must review the information submitted to determine completeness in accordance with the guidelines of this manual. Reasonable efforts should be taken to verify the information given, either independently or concurrently with underwriting procedures.

Additional Documentation Needed for Commitment of Funds:

1. Copy of addendums to Purchase Agreement, if applicable
2. Copy of Property Appraisal
3. Copy of Title Commitment, Schedule A only

B. Extensions

Extensions of Program Commitment of Funds may be requested by the Lender prior to the expiration date. A thirty (30) day extension may then be granted. Additional extensions may be granted if and when the City determines extenuating circumstances exist.

C. Cancellations

The Lender should notify the City in writing of any commitments which must be cancelled.

D. Changes in Homebuyer's Income, Marital Status, or Property Cost Prior to Closing

The determination of Program income eligibility is based upon the Homebuyer's income as of the date the Commitment is issued. The Homebuyer is required, however, to meet federal income limits at the time of closing. Changes occurring in the Homebuyer's gross annual household income after the Program Commitment of Funds is issued shall immediately be reported to the Development Office.

If the Homebuyer marries subsequent to issuance of the Commitment of Funds but prior to closing, the new spouse must satisfy Program requirements as outlined in the Administrative Guidelines section of this manual.

If the total acquisition cost of the property to be purchased increases, so as to exceed the acquisition cost limitations set forth herein, the Commitment of Funds shall be revoked.

The Commitment of Funds is issued in reliance upon the certifications made by the Homebuyer and Seller that Program requirements have been met. The Lender must immediately notify the City in writing of any change occurring in circumstances upon which the Commitment of funds was based, such that the Program subsidy to be issued would no longer meet the requirements of a qualified Program subsidy. If any such changes occur, the Commitment of Funds shall be revoked.

The Commitment of Funds is issued based on requirements imposed by federal laws, regulations, and rules as they exist at the time the Commitment is issued. If any law, regulation or rule shall change after issuance of the Commitment of Funds, the Commitment may, at the sole discretion of the City be revoked.
