

WHAT IS BUSINESS WATCH?

Business Watch is a **FREE** Program that creates a partnership between the business community and the Lansing Police Department to reduce and prevent crime through shared communication and training. Business Watch shows owners and employees crime prevention techniques and strategies they can use to help cut down on business-related crime. Training is conducted in-house for your convenience. Training may also be conducted at City facilities if requested. The goal of the Business Watch program is to teach businesses how **NOT** to become a target for crime. If businesses do not take a proactive attitude, crime can creep in before you know it.

WHY BUSINESS WATCH?

- Law enforcement cannot be on every corner so merchant- involvement is essential to prevent and combat crime.
- You and your fellow merchants are the ones who really know what is happening in your area.
- Cooperating with each other and the Lansing Police Department, businesses can help fight crime in their commercial districts in the most effective way – before it begins.
- By reducing the opportunity for crime, we can reduce crime itself.
