The **80%** level indicates the **maximum** household income limit for participation in the **CDBG, LEAD SAFE and HOME** programs.

Annual household income includes income of all household members over the age of 18 years of age whether they are related or not.

- It includes income received for the support of minor children, such as social security, child support, etc...
- You do not have to include income earned by dependent, full-time students over the age of 18, or income earned by children under the age of 18.
- This does not apply if the 18+ year old student does not live with their legal guardian.

Proof of full-time student status must be provided in order to have any income earned by this household member deducted from the total annual household income
