## **Statement from Mayor Andy Schor Regarding Electric Scooters in Lansing**

**(LANSING)** – “We have now signed the same scooter sharing system permit agreement with Bird Rides Inc. and Lime as a pilot program and have uniform electric scooter policies in place in Lansing. I will work with City Council to adopt an ordinance that would regulate electric scooters on a more permanent basis. We are excited to have this new mobility technology as another form of transportation for our residents and visitors. Safety of riders and pedestrians is our top priority, so we ask that everyone riding scooters follows the rules that are currently in place,” said Mayor Andy Schor.
