CASCADE ROLL-OUT CARTS

As a symbol of excellence for residential carts in curbside waste, recycling, and organics collection programs, Cascade carts are designed for durability and functionality and have earned their reputation of rugged and reliable. Cascade carts are injection molded with High Density Polyethylene (HDPE), UV stabilized against sun damage, and manufactured with molded-in double wear strips to protect the cart bottom against abrasion. Cascade carts are ANSI compliant, 100% recyclable, RFID-equipped, and backed with a 10 year warranty.
