

## City of Lansing Marijuana Update

May 21, 2020

Just a brief update. When Window #6 opens on **Tuesday, May 26**, the City Clerk will still be able to accept applications for **new grow locations for either adult use, medical, or both**.

Also, we will wait until August to accept new applications for Microbusinesses. It will be for Ward 3, but potentially other wards.

Please note the gap in accepting new applications between June 24 and August 11 so that we can focus on the Primary Election. The enrollment period windows for the rest of 2020 are posted below. These 30-day periods are subject to change. Revisions made in the enrollment period compared to any past updates schedule are in **red**.

Online submission is required for all types of Marijuana Operation applications. Paper applications will not be accepted.

Application review will not begin until non-refundable payment is received.

The Lansing City Clerk’s Office has provided several resources and links on the web page <https://www.lansingmi.gov/1637/Marijuana-Operations> to assist with submission.

As you review the General Instructions for the operation type of interest to you, please note the importance of reviewing the submission confirmation email, and that elements of the business plan require the documents to be split into specific sections to expedite the review process.

You may need to upload the same attachment to multiple sections of the application, as the City Clerk will only review the documents submitted for each category.

Additional documents cannot be submitted once an application is **denied**.
